Hiring Manager
Five9, Inc.
Mid-Market Sales Director
United States (Remote)

Dear Hiring Manager,

I am writing to express my interest in the Mid-Market Sales Director position at Five9. I have spent 15+ years selling enterprise telecom and contact center solutions at AT&T and Spectrum Enterprise, and I am looking for the right opportunity to bring that experience to a cloud contact center leader like Five9.

I know how to hunt. At AT&T I earned the Diamond Club award as a Top 1% sales performer nationally, building pipeline through cold calling, networking, and referral partnerships. I owned the full sales cycle from lead generation to close and consistently exceeded quota. At AT&T Public Sector I managed a \$9.5M billing portfolio across government, education, and healthcare accounts, selling complex solutions that included voice, data, UC, managed security, and SD WAN.

For the past three years I served as Spectrum's Unified Communications subject matter expert, which means I have been in the room with C level decision makers pitching contact center and UC solutions every week. I designed architectures, ran live demos, translated technical capabilities into business outcomes, and helped Account Executives close enterprise deals. That experience translates directly to selling Five9's cloud contact center platform to mid market buyers.

Beyond individual sales performance, I currently lead a team of Enterprise Account Executives and Account Managers at Spectrum Enterprise. As a Technical Sales Consultant I have been in leadership roles for over 9 years, coaching Account Executives and Account Managers, driving team quota attainment, and building the kind of accountability and urgency that a director level role demands. I am based in Atlanta and ready to build a go to market strategy, develop pipeline, and lead a team that consistently hits and exceeds quota. I would welcome the chance to discuss how I can help Five9 win in the mid market.

Sincerely,

Lamin Traoré
